

Aldas Kšečkauskas

Junior Web Developer

Email aldas.kse@gmail.com Location Lithuania LinkedIn [linkedin.com/in/aldas-kseckauskas](https://www.linkedin.com/in/aldas-kseckauskas) GitHub github.com/brutall100

PROFILE

Motivated junior programmer transitioning from a technical background in CNC operations to software development. Proficient in web technologies including HTML, CSS, JavaScript, React, Node.js, MySQL and MongoDB. Adept at problem-solving and delivering high-quality coding solutions, and eager to contribute to a team while growing in a dynamic programming role.

SELECTED PROJECTS

Viktorina.live 2022 — Present

viktorina.live

Created a live, interactive quiz platform where users test their knowledge, compete in trivia challenges and earn virtual currency. Combines real-time gameplay with a responsive interface.

JavaScript Node.js Real-time

Week Menu 2024 — Present

weekmenu.netlify.app

A meal-planning web app with a REST API for categories, meals, ingredients and stories. Users add their own meals and the app suggests daily options for the week ahead.

Node.js Express MongoDB REST API

Personal Portfolio Website 2024 — Present

aldasportfolio.site

Designed and built a responsive portfolio from scratch with no framework, featuring a custom design system, light and dark themes and scroll-driven animations.

HTML CSS JavaScript

Awesome UI 2024

brutall100.github.io/Awsome-ui-main

A responsive interface showcase with clean layout, interactive elements and sections for navigation, services and testimonials. Built to practise advanced CSS and modern design patterns.

HTML CSS Animation

TECHNICAL SKILLS

Front-End

HTML, CSS, JavaScript, React

Back-End

Node.js, Express, PhpMyAdmin

Databases

MySQL, MongoDB

Tools

Git, npm, REST API, Postman

Platforms

Render, MongoDB Atlas

LANGUAGES

Lithuanian Native

English Intermediate

Russian Basic

STRENGTHS

- Precision and attention to specification
- Patient, methodical debugging
- Self-directed, continuous learning
- Reliable under production deadlines

PROJECTS (CONTINUED)

To-Do Management App

2024 — Present

A task manager with full create, edit and delete functionality — React on the front end, Node.js and MongoDB behind it. Currently in active development.

React Node.js MongoDB

PROFESSIONAL EXPERIENCE

CNC Operator

2007 — Present

Holzher PRO Master 7123K · Weeke Optimat BP85 · Homag Venture 316L

- Developed and executed machine programs in WoodWOP, applying programming logic and technical precision to production runs.
- Diagnosed and resolved mechanical and programming faults, working through problems analytically under time pressure.
- Carried out quality checks and optimised workflows, improving efficiency and accuracy across operations.

EDUCATION & TRAINING

Code Academy

2024-05 — 2024-12

Front-End and Back-End Programming

Comprehensive training in web technologies including HTML, CSS, JavaScript, React, Node.js, MySQL and MongoDB. Built and deployed a portfolio website and API integration applications.

freeCodeCamp

2022

Web Development Certification

Certified in responsive web design, JavaScript algorithms and data structures, with interactive projects applying real-world development practices.

W3Schools

2021

Self-Paced Web Development Training

Tutorials and exercises across web development fundamentals — HTML, CSS, JavaScript and backend concepts — building a foundation in coding best practices.

INTERESTS

- Building side projects and experimenting with new frameworks
- AI and emerging technologies
- Reading and continuous self-study
- Fishing and time outdoors
