

Aldas Kšečkauskas

Full-Stack Web Developer

Email aldas.kse@gmail.com Location Lithuania LinkedIn [linkedin.com/in/aldas-kseckauskas](https://www.linkedin.com/in/aldas-kseckauskas) GitHub github.com/brutall100

PROFILE

Full-stack web developer building production applications with TypeScript and Next.js — a four-language storefront with Stripe checkout and an admin panel, and a dependency-free PWA on Deno. Eighteen years of CNC programming before that, which is where the working habits came from: read the specification properly, debug patiently, ship on the date. Comfortable owning a feature from the database schema through to the interface.

SELECTED PROJECTS

Vinica — grapevine seedling shop 2026

github.com/brutall100/vinica-shop

Multilingual e-commerce store (LT / EN / RU / PL) with fully localised URLs. Stripe checkout, Auth.js-protected admin panel, product, order and inventory models in PostgreSQL via Prisma, transactional email, image uploads and full SEO with JSON-LD.

Next.js 16 TypeScript Prisma PostgreSQL Stripe Tailwind

Nuoga Siela — anonymous writing space 2026

nuogasiela.lt

A place to write out what you feel and then either burn the text, which never leaves the browser, or release it anonymously with a chosen lifetime. Server-side spam and personal-data filtering, crisis-word detection that surfaces help, rate limiting and unit tests — built as a PWA with zero dependencies.

Deno Deno KV TypeScript PWA Testing

Viktorina.live 2022 — Present

viktorina.live

A live quiz platform where players join in real time, compete in trivia rounds and earn virtual currency.

JavaScript Node.js Real-time

Week Menu 2024

weekmenu.netlify.app

A meal-planning app with a REST API for categories, meals, ingredients and stories. Users add their own meals and the app suggests options for the week ahead.

Node.js Express MongoDB

TECHNICAL SKILLS

Front-End

TypeScript, JavaScript, React, Next.js, Tailwind CSS, HTML, CSS

Back-End

Node.js, Deno, Express, REST API, Auth.js

Databases

PostgreSQL, Prisma, MongoDB, MySQL, Deno KV

Services

Stripe, Resend, Vercel, Render, MongoDB Atlas

Practices

Git, CI/CD, testing, i18n, SEO, accessibility

LANGUAGES

Lithuanian	Native
English	Intermediate
Russian	Basic

STRENGTHS

- Precision and attention to specification
- Patient, methodical debugging
- Self-directed, continuous learning
- Reliable under production deadlines

PROJECTS (CONTINUED)

Personal Portfolio

2024 — Present

aldas-portfolio.site

A responsive portfolio built from scratch with no framework — custom design system, light and dark themes, scroll-driven animation and optimised assets.

HTML CSS JavaScript

To-Do Management App

2024 — Present

A React task manager with full create, edit and delete functionality, Node.js and MongoDB behind it. In active development.

React Node.js MongoDB

PROFESSIONAL EXPERIENCE

CNC Operator

2007 — Present

[Holzher PRO Master 7123K](#) · [Weeke Optimat BP85](#) · [Homag Venture 316L](#)

- Developed and executed machine programs in WoodWOP, applying programming logic and technical precision to production runs.
- Diagnosed and resolved mechanical and programming faults, working through problems analytically under time pressure.
- Carried out quality checks and optimised workflows, improving efficiency and accuracy across operations.

EDUCATION & TRAINING

Code Academy

2024-05 — 2024-12

[Front-End and Back-End Programming](#)

Comprehensive training in web technologies including HTML, CSS, JavaScript, React, Node.js, MySQL and MongoDB. Built and deployed a portfolio website and API integration applications.

freeCodeCamp

2022

[Web Development Certification](#)

Certified in responsive web design, JavaScript algorithms and data structures, with interactive projects applying real-world development practices.

W3Schools

2021

[Self-Paced Web Development Training](#)

Tutorials and exercises across web development fundamentals — HTML, CSS, JavaScript and backend concepts — building a foundation in coding best practices.

INTERESTS

- Building side projects and experimenting with new frameworks
- AI and emerging technologies
- Reading and continuous self-study
- Fishing and time outdoors
